MACDONALD'S FARMERS' ALMANAC

PLANTING AND HARVESTING BY THE MOON

Planting and Harvesting according to the different positions of the Moon in the Zodiac is a very important part of Agriculture. The Moon has more influence on human life and the things of the Earth than any other planet except the Sun.

Knowing that the Moon has an effect on vegetation, the weather etc. and that the seasons come and go without consultation, all one has to do to be successful in Speculations, Farming, Stock Raising and many other things that occur in every day life, is to learn when these Different Positions of the Moon in the Zodiac occur.

MAC DONALD'S ASTROLOGICAL ALMANAC gives the True Positions of the Moon in the Zodiac. Don't get confused by consulting other Almanacs that give the position of the Sun and Moon in the Constellations, or you will be disappointed. The Moons place in the Constellation is entirely wrong for Planting and Harvesting.

JANUARY'S DISEASES.—This month we have the "January thaw." This change in the weather is responsible for a vast amount of sickness and death. Lagrip, coughs, colds, sore throat and catarrh, all lead to pneumonia and consumption. In nine cases out of ten diseases contracted this month lead to complications that last indefinitely.

The SECRET of STRENGTH

YOU CRAVE STRENGTH. Have you any idea how deep down is your craving for strength? You crave to be a strong man (or woman). Nature endows you with that desire in order to keep fully maintained, those organs which insure your preservation. Nature causes you to become hungry, and sleepy and to love your opposite sex. All for purposes to preserve the human race. Your very life depends on your strength, but in this day and age of strife it is harder to secure it than in days gone by.

You are "cooped up". You get home late nights and have to get up early mornings. You let yourself deteriorate. You are always tired, pale and nervous, yet you crave strength! You are responsible for your own condition. You can be strong if you wish. Are you coming or going? You spend hours and countless pounds of energy every day to make money, wearing out your body but do you put anything back? Are you going to continue to face the world in so feeble a condition that you know every one you pass is laughing at you.

WHY WE GROW OLD.

CHRONIC DEVITALIZATION is a common disease today. Every man or woman who does less than they should every day is weak in some way. The man who can not accomplish all he expects or hopes for, is often a silent sufferer from some hidden nerve trouble which of itself causes him to be timid and afraid to seek relief. These neglected or unknown conditions are usually diseases of the brain or digestive organs. ATLAS COMPOUND will help these troubles in a short time.

Nervous Breakdown and nearly all the indifferences of women are the result of poor circulation. Why go through life sour, grouchy, feverish and unsatisfied when you can regain perfect health by taking ATLAS COMPOUND?

Success and Happiness depend on Body and Brain Vitality. All lack of force is due to this weakness and decline. That is, a man or woman with a devitalized nervous system is not right and a neglect of these conditions limit all future prospects for them.

HINTS ON FARMING.

Peas if sown on the day following the new Moon will grow quickly and with abundant flowers and yield; those sown immediately after the second quarter will bear but little; if sown a day or two after the full Moon blossom and fruit in abundance, but no yield. If sown just before the new Moon is out they will little more than break through the ground. Similar results will attend the planting or pruning of fruit trees. If you prune vines just before the full Moon in Taurus, Cancer, or Scorpio neither birds nor worms will infest the grapes. Refer to the calendar of Moon's place, in this Almanac for these lunar positions. Do not graft trees when the moon is waning. If you shear sheep in the increase of the Moon their wool will grow again stronger and better. Set eggs for hatching when Moon is in Cancer. Poulterers, butchers and meat dealers should not kill when Moon is waning, during which period all dead matter tends to shrink, decay and decompose, therefore, such meats are not so easily kept.

HINTS TO FARMERS FOR MARCH

MARCH'S MISERIES.—There is no more disagreeable month in the year. It is a hard one on elderly people. Warm days and cold ones, bright Sunshine and terrible storms. The great struggle between Winter and Summer takes place this month and woe to the person who is taken sick at this time, for they seldom recover. The blood is thick and sluggish from feeding on concentrated foods. Fever, blood disorders, headaches, and general debility will so weaken the system that any contagion may be contracted.

TESTIMONIALS

**TRUTH
AS WE LEARN IT**

**Truth is a builder of confidence:
a promoter of friendliness
and of good will.**

Hope, Health and Faith are all at stake when the reader and customer accepts and relies upon the claims of an advertised medicine, the success of which depends upon its merits and the truth to protect the public confidence.

**WE SUGGEST TO EVERY READER, IF YOU MUST TAKE MEDICINE
TRY
DR. MAC DONALD'S ATLAS COMPOUND**

From generation to generation the name and wonderful medicine Dr. Mac Donald's ATLAS COMPOUND and Mac Donald's Farmers' Almanac has been handed down.

The steady dependable service year in and year out on which the reputation of this Almanac and Atlas Compound are built and maintained is what has cemented the ties of friendship among our many thousands of regular customers to these two most excellent things and is also what steadily increases our business, as good faith is always the fundamental consideration behind it.

Every original letter from which extracts of testimonials are quoted are on our files and these letters are, we fully believe from conscientious people who have written them in the very best of faith. Out of the abundance of letters like these we can only print testimonial extracts from a few. They come to us voluntarily and we give the brief information to the public in order that it may be known what ATLAS COMPOUND has accomplished, we make no claim to the supernatural. Atlas Compound does its work and the people laud its merits.

Mrs. E. Dutcher, Long Beach, Calif., writes June 8-23, "Mr. Dutcher and myself have used Atlas Compound and think it is the best medicine for the stomach all the year round we can find. It keeps us well, smart and ready for our three meals every day. Atlas Compound keeps the body in good physical condition, ready for any emergency that happens to come upon a person. Mac Donald's Almanac is one of the best guides to plant by and have good success in all rapid growth of everything you put in the ground."

Mrs. J. H. McFerrin, Compton, Ark., writes June 7-23, "I have used your Atlas Compound for two years and it has done me more good than any medicine I have ever used. I had been in bad health a long time and Atlas Compound built me up quicker than anything else I had ever taken."

Horses require full allowances of feed this month. Plant potatoes and shrubs, vines, etc.

APRIL'S AFFLICTIONS.—April is not so much of a month to contract disease as it is to convalesce. If you have escaped disease thus far into the year you should now begin to "clean up." Malaria, boils, bilious attacks, blood diseases, catarrh and skin eruptions begin to show; neuralgia and nervous troubles generally will add to the pangs of other disorders.

WHAT DREAMS MAY COME

There are four kinds of dreams. The first, between sleeping and waking, or dreams proper; the second, those which one sees concerning another, or a vision; the third, those whose interpretation is shown to the dreamer, or a revelation; the fourth, those which are related to the dreamer in a nocturnal vision. There is also a kind of combination of the above called apparition.

Those who would have true dreams must have an undisturbed mind, a sound body and an intellect not made dull by late suppers or strong drink, not sad by poverty, nor excited, angry or incited by vice.

Every dream has its signification and dreams commonly go by contraries. Dreams possess an element of warning and we are more or less informed of events which afterward happen. When the body is asleep the soul is awake and transports itself everywhere, even where the body would be unable to go.

A dream is that which shows the truth hidden under certain things. A vision is simply a thought happening while the person is half asleep and half awake. A reverie occurs when the person has been thinking steadily on a subject throughout the day and dreams of it at night. An apparition is simply a vision that occurs to the individual persons. Dreams that occur while the mind is tranquil and the stomach empty are often fulfilled.

To dream of roads indicates fortune; if clear and bright, good fortune; if dark and gloomy, evil fortune and future reverses. Rings signify marriage, money and friendship. The serpent is the emblem of falsehood and enmity and denotes enemies. It should put a person on his guard, as it forewarns him of trouble, vexation and annoyance. The coffin, the emblem of death, signifies long life and happiness; also an increase of property through industry, it also portends news from friends at a distance. The dog, the emblem of fidelity, denotes friends and jealousy.

To dream of squares indicate peace and prosperity; oblong figures, domestic troubles. Straight lines indicate peace, journeys, happiness and long life. Wavy and crooked lines indicate vexations and conveyance; if crown or triangle, it denotes unexpected fortune. To dream of a cross means the death of a friend and denotes adversity, trials and sorrow. To dream of flowers is fortunate, it indicates joy, happiness, speedy riches, a prosperous marriage and a happy life. Letters indicate news; if they are clear and easily read they indicate welcome news. To dream of trees indicates good health and a fulfillment of a person's wishes. To dream of mountains indicates friends and good fortune. Clouds signify success, the brighter they are the greater the person's happiness. To dream of the sun, moon and stars denotes happiness and good fortune high honors, change in life, respectability and industry, according to their brightness.

To dream of birds is fortunate: it signifies that the person will overcome his difficulties by perseverance. To dream of animals in general (excepting the dog) denotes misfortune, loss by theft, trouble difficulties, and that the person must use the utmost watchfulness to overcome these things. To dream of children denotes trouble in a person's love affairs; and great expenses coming unexpectedly. To dream of women denotes happiness and joy in general. To dream of men indicates visitors, presents, etc. To dream of worms or creeping things, clocks, woods, or any disagreeable thing, indicates rivals in love affairs and in business matters, hypocrisy, deceit and false friends. To dream of fish signifies news from abroad, confidence of friends, travel, money, fortunate events, improvement in the person's affairs. To dream of houses or large cities indicates a favorable change in the person's fortune, and that they must be cautious and careful in their dealings. To dream of traveling denotes embarrassment and delays.

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

All the principal crops should now be planted, all tender vegetables can now be set out without danger such as corn, beans, cucumbers, celery and asparagus. Finish planting flowers and shrubs. Look after calves and lambs during cold, chilly storms. Set eggs.

MAY'S MORTALITY. May is an unfortunate month for the sick. More people die in May than in any other month in the year.

Mrs. Clara Henry, Los Angeles, Cal., writes March 4, 1923: "I sent for three boxes of ATLAS Compound and have had great benefit from their use. At that time I had a severe case of indigestion. I was cured and have never had the trouble since."

Mrs. P. E. Johnson, White Springs, Fla., writes March 26, 1923: "I have found ATLAS Compound is a wonderful medicine. May God bless you and prolong your life in this good work you are doing for the benefit of humanity."

Chas. W. Horn, druggist, Slatington, Pa., writes March 26, 1923: "I have sold the ATLAS Compound for years with good results. I carry this remedy in stock always and can recommend it, having good reports."

A. M. White, Cimarrones, C. R., writes March 10, 1923: "I took sick in the year 1914, my feet and face began swelling, was taken to different doctors and hospitals, but no good could be done for me. At last I was given over to die because my blood was less than 25%. A lady asked me to try ATLAS Compound. I did not care to take it, but she forced me, and I found that ATLAS Compound was good. I continued to take it from April, 1915, until December, 1922, making a grand total of 100 boxes. Thou has worth thy weight in gold in ATLAS Compound."

Mrs. Rebecca Adams, Fulton, Ark., writes March 14, 1923: "I like your ATLAS Compound just fine. Could not find a better medicine for the kidneys and blood. I have taken three boxes of them and they surely have helped me. Can't praise the medicine enough."

Samuel Williams(Altheimer, Ark., writes Nov. 15-22, "I am taking your medicine (Atlas Compound) and know it is the best medicine I ever had in my mouth."

A. W. Lockwood, D. D. S., Baltimore, Md., writes Nov. 13-22, "My mother has been using Atlas Compound for some time past. She is now 87 years of age and seems to get a lot of comfort taking your Atlas Compound. She is in very good health for her age and seems to think it is Atlas Compound which keeps her so active."

Mrs. Margaret Weaver, Jicorilla, N. Mex., writes Oct. 26-22, "I have tried many things and have found Atlas Compound does me more good than anything. Will have to praise it for the rest of my life."

F. A. Cooke, Bakers Hill, Linstead, Jamaica, B. W. I., writes Oct. 22-22, "I have to inform you that if it had not been for Atlas Compound I would be a crippled man for life. I was suffering from kidney trouble and could scarcely walk. I tried all kinds of remedies without any results. I used Atlas Compound, five boxes, and to my surprise, I am strong again and one of the most hard laboring men around."

Janie Tear, Yazoo City, Miss, writes Oct. 30-22, "Your wonderful medicine (Atlas Compound) has done me a lot of good. I had a stroke two years and it has almost gone."

Redford Brown, Central Jobabo, Ore, Cuba, writes April 15, 1923: "My father was sickly for years. After taking the contents of 6 boxes of your ATLAS Compound, he has become as a young man. He is now 63 years of age."

G. O. Woollard, Clarksville, Tenn., writes April 17, 1923: "Some 10 or 15 days ago I received a box of your ATLAS Compound and wish to state that it has done me more good than any medicine I have ever taken. I have been sick for three months and the doctor pronounced my trouble to be valvular disease of the heart. I believed it to be my stomach and as I accidentally obtained copy of the Farmers' Almanac and read about your ATLAS Compound I decided to try it. It may seem unreasonable, but I began to feel better after I took the first dose. My wife and I are both taking ATLAS Compound and it is doing us a great deal of good. I will certainly not do without the medicine and consider it cheap at a hundred dollars a box."

Mary Baker, Maud, Miss., writes April 21, 1923: "My mother ordered 4 boxes of ATLAS Compound from you last year. She had been sick for three months, began taking your medicine and was not able to do her work at the time. After she had been taking ATLAS Compound I was really surprised to see the change. She fattened up, weighed even 200 pounds, and told me to try ATLAS Compound. I did so and everybody was surprised to see how I gained in strength."

F. H. Moore, Uxbridge, Can., writes April 28, 1923: "I have tried ATLAS Compound and have great faith personally in it."

John Walton, Sledge, Miss., writes May 21, 1923: "ATLAS Compound is a wonderful and powerful medicine, tones up the person in general. I use it in my whole family and find it all right."

HINTS TO FARMERS FOR AUGUST

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Sow turnips, hoe and cultivate corn and potatoes. Look well to the dairy and fodder. Pack eggs, feed the pigs plenty of green vegetables.

AUGUST AILMENTS. There is no time in the year when the effects of the weather is felt so much as in August. The blood gets overheated and ferments. Heart Disease, Fevers and Agues prevail, food spoils easily and causes bowel troubles. There is no reason why people should suffer so much more this month than any other.

Any honest physician will tell you there is but one way to gain flesh, strength and vigor of mind and body, and that is through the Digestive Organs by a variety of wholesome food, well digested and assimilated. There is no reason or common sense in any other method.

People are thin, run down, nervous, pale and out of sorts, because their Digestive Organs are weak. They think they have dyspepsia and a dozen other ailments, but the fact is, even though they eat enough, it don't digest. It is not what we eat that keeps us alive, but what we digest. The reason is the Digestive Organs lack vitality, or that they are so coated with mucus, slimy and catarrhal matter that the digestive secretions and gastric juices cannot get out to dissolve the food, it simply lays there and ferments, decays, forms gasses, bloats the system and causes more or less distress before it passes away. (Undigested.)

ATLAS COMPOUND removes this mucous, slimy, catarrhal coating that covers the Digestive Organs, so that the food can be digested NATURALLY and the blood will take up into the system what is necessary to keep up the health and strength required to perform the amount of work each organ of the body may be called upon to do. There is no excuse for a person twenty, forty, or even sixty years of age, to be sick or ailing if the digestion is good. A man or woman at sixty, while not exactly in the PRIME OF LIFE, ought to be able to respond at a moments notice to any duty they are liable to be called upon to perform, if the Digestive Organs are working properly. We often see people of eighty or even ninety, hale, hearty and strong. Some at this age get married for the second or third time and enjoy the fullness of life, but if you will enquire you will find in every case they eat good and Digest their food, the Digestive Organs are in good order. When the Digestive organs are diseased or even out of order, the whole system gradually weakens and great misery results.

ATLAS COMPOUND acts on the digestive system first, loosens up and carries off the poisonous matter so that the food will digest naturally, the appetite will increase and the result will be increased vigor, added flesh, pure blood, strong muscles, steady nerves, a clear brain and PERFECT HEALTH.

ATLAS COMPOUND contains neither alcohol, morphine, cocaine, strychnine, mercury nor any poison whatever. After taking ATLAS COMPOUND the Digestive Organs will quickly and thoroughly digest the food and convert it into pure blood, and there is not a muscle, nerve, or fiber of the body but what will be reinforced and strengthened by this grand medicine. - Natures best aid.

HINTS TO FARMERS FOR SEPTEMBER

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Harvesting should now be about over, except for fruits, etc. Hand-hoe root crops, get cabbage in and potatoes dug this month. Insure all farm buildings and crops.

SEPTEMBER'S SYMPTOMS.—September is the "Fever Month." You may have passed through the Winter, Spring and Summer without trouble, but look out for September's Symptoms. That languid feeling, you feel miserable. Your bowels are not right, your flesh feels hot, skin is dry and tongue is coated. These symptoms must not be ignored, unless attended to at once you will be laid up for weeks, if not forever.

GAS IN THE STOMACH

There are three distinct sources for an accumulation of gas in the stomach. The first and most common one is the decomposition of the food. When anything decomposes a part of the substance is given off in the form of gas. This is true whether the substance happens to be in the stomach or anywhere else. Whenever decomposition occurs in the stomach the accumulated gas cannot find any easy escape from the stomach, hence inflation occurs. The stomach will become enormously distended, and unless the gas is eructated through the œsophagus the distention is liable to become great before relief can be obtained.

The second frequent source of gas in the stomach is the chemical action upon alkalies. The stomach naturally contains acid. It is liable to contain an over quantity of acid. Many kinds of food taken into the stomach are alkaline in their reaction. The acid and the alkali coming together will produce effervescence, which liberates a gas. People who are much troubled with belching of gas immediately after eating are suffering from this kind of gaseous inflation of the stomach.

The third source of gas in the stomach is from nervous shock. A sudden shock of the nervous system especially in those who are troubled with weak digestion will produce an immediate change in the fluids of the stomach to the extent that large quantities of gas will be immediately evolved. This happens with surprising quickness. A sudden fright or fit of anger will set some hysterical people to eructating gas in an instant.

As for the treatment of these three forms of gaseous trouble in the stomach the best is prevention. In the first form, which depends on delayed digestion, the food ought never to be taken into the stomach during fatigue. Only small quantities of food should be eaten at any one time, and should be carefully chewed. Everything possible should be done to procure rapid digestion. Nothing will help this trouble quicker than ATLAS COMPOUND, and quick relief is always found by taking a few tablets.

TRY ATLAS COMPOUND.

KIDNEY TROUBLE--HOW TO TELL

Backache does not occur in every case of kidney trouble. Often the pains and ills that attend kidney trouble are so far from the kidneys themselves that the only certain proof that the kidneys are out of order is the appearance of the urine. Learn what these changes in the urine indicate and serious or fatal kidney disease may be warded off.

Of course the first thing to know is what is the appearance of the urine in good health. While individuals vary somewhat, the following average table is a good guide:

HEALTHY URINE.

Color—Pale yellow to amber.

Appearance—Clear.

Weight—Only a trifle heavier than water.

Amount passed—Three to four pints daily.

Odor—Pungent or acid, but not offensive.

Passages—At will during the day, rarely at night.

Solids—Dissolved and invisible.

Healthy urine is slightly acid, not enough to burn or scald and does not stain the linen.

HINTS TO FARMERS FOR OCTOBER

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Seed down permanent pastures, finish all harvesting. Look to the poultry, have everything in snug shape for Winter. Make mushroom beds.

OCTOBER'S DISEASES.—This month is generally healthy, fewer people die this time of the year than any other. The principal disorders are with the Kidneys and Mucous Secretions. Catarrh of the head prevails as well as all pus-forming and discharging afflictions. Those low in Vitality suffer most.

THE ACTION OF ATLAS COMPOUND.

ATLAS COMPOUND acts locally on the lining membranes of the stomach and intestines, loosens the mucus and slime formation and corrects fermentation, thus cleansing the walls and leaving them in an absorbative condition, promoting the secretion of nature's digestive fluids. Where there is a disturbance of the stomach and intestines of long standing, it may not be corrected in a short time, but **ATLAS COMPOUND** aids nature to remove the cause and correct the trouble. Several months may be required in some cases, but it is better to take small doses for a long time than larger doses. To eradicate disease, purify the blood and tone up the system is what **ATLAS COMPOUND** does if given time.

ATLAS COMPOUND NOT A CATHARTIC.

Take **ATLAS COMPOUND** three times daily with an abiding faith that it may make you well and follow the directions in a general way. **ATLAS COMPOUND** is not a cathartic, but if too large a dose is taken and bowels move too freely it indicates that the medicine is taking hold and removing the slime and mucous from the stomach and intestines too fast. This poisonous slime cannot be absorbed into the system without very detrimental effects and must pass off through the bowels. **ATLAS COMPOUND** leaves no harmful effects. It does not contain acids, potash, mercury, opiates or poison of any kind.

During normal conditions of health and regular morning habit, the poisonous substances undergo chemical changes and are finally carried off through the skin and bowels. But in many people the natural and proper elimination does not take place and this failure causes various disturbances, such as imperfect digestion in the stomach or bowels, constipation and inactivity of the liver or spleen and certain nervous disturbances which lead to the existence of Rheumatic Conditions.

ATLAS COMPOUND AS A CORRECTIVE AND ALTERATIVE.

The Blood is Life and **ATLAS COMPOUND** aids nature to carry off the waste material in the body and remove from the blood and system all impurities. When the slime and mucous are removed from the stomach and intestines, the food will be digested and properly assimilated, the nerves become strong and active and the physical balance restored and the vigor of health and strength what nature intended and what you desire.

Keep physically fit for work if you want to succeed. Good blood, strong nerves and elastic muscles are the secret of old age because they regulate and control every part of the body. When the life blood is polluted or poisoned with fermented matter or corruption it loses its nutritive health sustaining powers.

ATLAS COMPOUND is an excellent blood purifier, is safe, reliable and effective. It does not shock the nerves. It gently and thoroughly cleanses the blood of all impurities and stimulates the debilitated organs, acting as a corrective in all depleted conditions. It acts by increasing the appetite and the digestion becomes normal. It often acts like magic, children require very small doses mixed with fruit, sauce or scraped apple. Sick, puny children as well as elderly people become fat as the result of taking **ATLAS COMPOUND**.

REMEMBER THIS.

Nervousness in many people is due to poor digestion and constipation. Repose and relaxation at meals, clear conscience and avoid worry, black coffee and indulgence in delicacies and pastries are to be remembered. Be cheerful at all times and especially so during meals. There are certain disturbances of the human organs which irritate and torture men and women, which sometimes estrange them from friends in a social way and Indigestion and Dyspepsia is such an affliction. This often may cause a grouch, yet the heart may love humanity. There are many kinds of Dyspepsia but they all produce the same effect, and the greatest of all correctives is **ATLAS COMPOUND**.

NOVEMBER'S DISEASES. — This is the month for Catarrh. People are careless, catch cold, neglect it and the result is Catarrh. This disease not only affects the head, nose and throat, but works its way down into the bronchial tubes, the lungs, stomach, kidneys and bladder, causing all manner of complications. Diseases contracted this month hang on all Winter, and in most of these cases when Spring awakens the patient is still sleeping "under the willows."

GENERAL REMARKS ABOUT ATLAS COMPOUND

OF ALL THE DISEASES that the flesh is heir to, the great majority are caused by some disordered condition of the stomach, liver or intestines. These organs have two functions to perform. The first is that of nutrition, the process by which food is digested, properly assimilated and transformed into blood, tissue and vital energy, and this constantly supplies the waste that is always taking place in the system, as the result of what is consumed in the process of existence. When this function is impaired by any one of the diseases from which the liver, stomach or intestines suffer, the nutrition of the body is impaired, the amount of waste that is constantly going on immediately exceeds the quantity of nutritive matter that is absorbed to supply it, and consequently, the loss exceeds the supply, the body is in a condition of decline, health fails, emaciation occurs, and the system is in a condition where it readily contracts contagious disease, and being too weak to resist, is destroyed by them. The symptoms are many and varied, depending upon the disease present, and described under their appropriate headings on other pages of this Almanac. The second function is that of excreting the unhealthy matter from the blood and expelling the undigested matter from the intestines, which are the sewers of the body and when these functions are retarded a dangerous condition is the result. The impure matter is not removed from the blood, and its retention causes such diseased condition as blood poisoning, jaundice, skin eruptions, etc. When the intestines fail to expel the undigested matter its presence keeps up a constant irritation, which may lead to fatal diseases.

ATLAS COMPOUND regulates the stomach, liver and bowels; keeps them in a healthy condition, prevents chronic and dangerous diseases, and restores the organs to a healthy condition when they become diseased. When traveling they should be carried along and used whenever there is an attack or a recurrence of any symptoms or disorder named in this Almanac. It is a most economical remedy. Each tablet is an accurate dose, made separately. It is quality, rather than quantity, which should be considered by the purchaser. The ordinary dose is two or three daily, taken one after each meal or at the first appearance of any symptom of an approaching illness.

AS A SPRING MEDICINE ATLAS COMPOUND has no superior. Taken twice a day after meals it renovates the system and brings about a condition of affairs vastly to be desired. It clears the complexion, and is of great value to all persons from infancy to old age.

CONVENIENCE OF THE TABLETS.—The ATLAS COMPOUND TABLETS are a most convenient form of medicine. They require no spoon or glass, no measuring. The dose is always accurate. It is readily carried in the pocket, is convenient for travelers and is always ready at a time of need. To persons of Sedentary Habits whose mode of living causes Digestive Troubles, Constipation, Biliousness or any of the many symptoms of these troubles, ATLAS COMPOUND is indispensable. It aids the digestion, promotes the appetite, stimulates the liver, keeps the bowels open and restores all the internal organs to a natural healthy condition. Does not contain acid or irritating substances, but is made up of reliable selected remedies, carefully prepared. It cannot injure the most delicate tissue of the body and can be safely taken by a delicate child. It is the safest and surest medicine for people of feeble constitutions and is sure and effective in cases of the most robust.

THE CONSTANT AND PROLONGED USE OF ATLAS COMPOUND IS NOT IN THE LEAST INJURIOUS TO THE SYSTEM.—No one need to hesitate to take it continuously or as long as conditions require it.

There are some persons who find advantage in using the Tablets regularly year in and year out. They say that they are effective, but, as in the case of soap and water for washing the hands, help to-day does not do away with a new occasion for their use, which arises day by day on account of the faulty conditions under which we live.

THE TABLET should not be dissolved on the tongue. To so dissolve it does not decrease the beneficial effect, but the more pleasant and consequently better way, is to swallow the Tablet at once without tasting. Experience proves that the size of the Tablet is exactly that which is most easily swallowed: much more easily than a smaller substance. Many persons have no difficulty in swallowing the tablet without the aid of any fluid, but those who find this difficult are recommended to place the Tablet on the tongue and take a full swallow of water. It will always be found that the Tablet has disappeared with the water. If unable for any reason to swallow a tablet, or when it is desired to give a child a part of one, there is no objection to dissolving it in water or pulverizing and taking it in the form of a solution.

THE CAUSE OF DISEASE

If the nervous system becomes debilitated by bad habits, over worked emotions, and the accumulation of waste products from an excessive amount of improper foods and drinks and a deficient body drainage, disease of one kind or another is most certain.

One of the principal causes of Senile decay or aging of the body and hardening of the arteries, is the continuous auto-intoxication of the system through undigested food in the large intestine (the process of digestion is not completed in the stomach) and many people owe their condition to this cause.

Harmony of function and perfect health can only come when the blood is clean and drainage from the body effective and sufficient. We believe experience has abundantly proven that the remedy to keep the vital organs performing their functions properly and in complete harmony is ATLAS COMPOUND. It aids nature in acting favorably on the three great flood gates of the body-skin, bowels and kidneys, which eliminate the waste products.
